

Hello All,

I hope everyone is keeping well. MES has made it mandatory for all its teachers, non-teaching staff and class IV staff to get vaccinated as soon as possible. Please note that starting April 1st all individuals age 45 and over are eligible to get the vaccine and we request all eligible members of the MES community to avail the vaccine.

Each institute has appointed a nodal officer to help anyone who requires a vaccine to get it as soon as possible. The institute can arrange transport for faculty to the nearby vaccination center as well if required. Please contact the principal for details if needed.

Faculty or staff may also avail leave without any deduction in pay or deduction in CL/EL for the purpose of vaccination provided they intimate the institute in advance and submit a vaccination certificate to the principal.

Best Regards,
