

## SURVEY REPORT

***DATE:16 February 2017***

***VENUE: SAHAKAR NAGAR***

On Thursday 16 February me and my group had when for survey. The name of the place was Sahakarnagar and area- saibabanagar in the group of two people and our incharge was PreetiMaam. When we were doing our survey the children over there were specially migrants from UttarPradesh . When we were asking questions to the parents some of the parents gave answer and some of the parents were not interested in giving the answers and parents didn't even know what is the circumstances of their child . One of the parent when I was asking her questions she said "tumhekuchkamnhihai par mujehaijamera time waste mat kar" .Then I when further then some of parents told that our children are provided with all the facilities from school and some of the children who were present in house they said that midday meal is not good once they had found rat's tail in khicadi and they had complaint to their respective teacher then teacher said "jomilatahaikhanekanahitohghar se lekeana". So children get tiffins from their house .Children also told that sometimes they get dal and rice in meal but the dal contains lots of water in it and in rice stones are they and they also said that teacher's are regular but they never make use of teaching aids or any other aids.

***DATE:17 February 2017***

***VENUE: SHIVAJI NAGAR***

On 17 February Friday me and my group had when had for surveryin Shivaji Nagar . The experience was good and the parents were also coordinating with us the parents were mostly not educated in the family . In some cases I found that from their grandparents till now no one is educated their children are going to school but they are not interested in studing. Their houses were also small and in that house 13 to 14 people were living. The children said that teacher's are not coming mostly are teacher's are going for training midday meal is worst and some of the teacher's also beat them all the time and some of the teachers gossip all the time and don't teach and toilet is not clean and in class sometimes eve rats are their . The people over their use public toilet and have to pay 20 to 30rs per month. And therefore some parents said that hamarakyafaydakuchnhihogahamarebachhoka? Hum gariblogokakakuchnhihoga..and therefore my experience was good to know the scenario of BMC school going children ..
