

Date :- 17/2/2017

Place :-Govandi (Bainganwadi)

- Baiganwadi is very much populated area in a lane there are so many houses are been built.
- In a survey we found that there are many students which are drop out because of poverty the parents are not sending girls to school
- In a family there are 6 to 7 childrens from there 2 of them go to school and remaining are kept in house
- There are many family whose father mother are illiterate and there is poverty due to food they are sending their children to school because they get mid- day meal and some children bring at home and other family members also eat.
- When we spoke to the children of BMC school and asked them how is the school? They responded as school is good but toilet are unclean , children have to move from one place to another if there is any construction going on in school.
- Once in a mid- day meal therewhere ,lizard tail and rat tail was found but after that the complaint there is little bit improvement in food.
- Some parents wanted their children to teach them more but due to financial problems they can't send their children to school.
